

S411 *Limited Edition*

INSTRUCTION MANUAL & REF GUIDE

Serpent 411 Limited Edition

Dear Serpent 411-LE owner,

Congratulations with your Serpent 411 racing car, in the Limited Edition version.

The 411-LE includes the following extra features (compared with regular 411 kit):

- Carbon 2.25 chassis with car-number and logo engraved
- Dark Serpent orange anodising of all aluminium parts
- Additional gear differential
- Dark orange aluminium turnbuckles and track rods
- Carbon fibre battery holders
- TiN coated pivot pins front and rear
- Orange anodised tool-set consist of 8 tools, also with Serpent logo and 411-LE car number engraved.

In this extra sheet some instructions on the extra parts, and a list of the orange parts as well.

Serpent wishes you a lot of pleasure assembling the 411-LE, and racing it afterwards too.

Feel free to drop us an email (info@serpent.com) with some pictures of your assembled and race-ready 411-LE, so we can share it on our website.

Team Serpent
