A detailed line drawing of a vehicle chassis from a top-down perspective. The diagram illustrates the layout of the engine, transmission, and various components. Key features include:

- TRACK WIDTH:** Indicated by vertical double-headed arrows on both the left and right sides of the chassis, labeled "mm".
- WEIGHT grams:** Two labels at the top with arrows pointing to specific components, likely the engine and transmission.
- WEIGHT POSITION grams:** Four labels at the bottom, each with five circles below it, representing weight distribution points. Arrows point from these labels to various locations on the chassis.
